• **Associates**: https://www.parchment.com/lp/award/9f5883db-b5e8-4271-a4a9-cc86b46afd51
• **Programming Certificate**: https://www.parchment.com/lp/award/4e744030-4e30-4d85-b2f8-aadf4ca0bb47

Software Engineer/Developer

Operating Systems (Windows) • Python • Networking • Security •GitHub • Visual Studio

- Aspiring programmer with knowledge in programming languages such as Python, Java, C++, SQL, and a passion for solving technical problems through code.
- Strong analytical and logical thinking skills, with the ability to quickly learn new technologies and adapt to evolving project requirements.
- Excellent communication and teamwork abilities, demonstrated through academic projects, with a commitment to continuous learning and professional growth in software development.

CORE COMPETENCIES

- **Programming Languages:** Python, C, C++, SQL, Java
- **Tools & Technologies:** PyCharm, Anaconda, MySQL
- **Concepts:** IoT Devices, Raspberry Pi, Arduino
- **Operating Systems:** Windows, Linux, macOS
- **Soft Skills:** Problem-Solving, Collaboration, Communication, Adaptability, Attention to Detail

EDUCATION

- DeVry University – University of Michigan
- **BS: Innovation and Technology** Estimated: Sept 2028
- Concentration: Software Engineering

- **Associate of Applied Science in Information Technology and Networking:** **Completed with Honors**

- **Undergraduate Certificate in Programming Essentials:** **Completed with honors**

- **Relevant Completed Courses:** Introduction to Technology and Information Systems, Intermediate programming, programming with objects, Fundamentals of Information Technology and Networking, Database Design

• PROFESSIONAL EXPERIENCE

- Rakay's Tree Service – Linden, MI
- Management July 2021– Present
- Manage 50+ residential and commercial projects annually, implementing custom scheduling and invoicing systems that improve operational efficiency.
- Reduce job completion times by 25% by analyzing workflow bottlenecks and optimizing crew dispatch using critical thinking and communication.
- Design and maintain a client database of over 50+ contacts, integrating follow-up tracking and automated reminders to increase customer retention

DAVEY TREE 2019-2024

- Supervise a team of 6 employees, training on safety protocols and performance metrics, contributing to a zero-incident safety record over 3 years.
- Completion of a 2-year apprenticeship through IBEW Local 17

Projects

- Have built and worked on PCs, including modifying bios installing drivers
- Completed work simulators
